

Subject to priorities defined by the Technical Council and the Presidium, the results of <i>fib</i> 's work in Commissions and Task Groups are published in a continuously numbered series of technical publications called 'Bulletins'. The following categories are used:	
category	minimum approval procedure required prior to publication
Technical Report	approved by a Task Group and the Chairpersons of the Commission
State-of-Art Report	approved by a Commission
Manual, Guide (to good practice) or Recommendation	approved by the Technical Council of <i>fib</i>
Model Code	approved by the General Assembly of <i>fib</i>
Any publication not having met the above requirements will be clearly identified as preliminary draft.	
This Bulletin N° 58 was approved as a "Guide to good practice" by the Technical Council of <i>fib</i> in June 2011.	

This Guide was drafted by Special Activity Group 4, *Fastenings to structural concrete and masonry structures*.
