

Subject to priorities defined by the technical council and the presidium, the results of the *fib*'s work in commissions and task groups are published in a continuously numbered series of technical publications called *bulletins*. The following categories are used:

<b>Category:</b>	<b>Draft to be approved by:</b>
Technical report	Task group and the chairpersons of the Commission
State-of-the-art report	Commission
Manual/Guide to good practice/Recommendation	Technical council
Model code	General assembly

Any publication not having met the above requirements will be clearly identified as preliminary draft.

*fib* Bulletin 80 was approved as a Recommendation by the Technical Council and drafted by Task Group 3.1, *Reliability and safety evaluation: full-probabilistic and semi-probabilistic methods for existing structures*, in Commission 3, *Existing concrete structures*.
